Right of Way Training & Exam

Okaloosa County Extension Office
5479 Old Bethel Road, Crestview
February 9, 2012
7:30 am - 2:00 pm
Cost: $10.00 Payable to OEAC

7:30-8:00 a.m. Registration

8:00-8:05 a.m. Welcome and Introduction

8:05-8:55 a.m. Weed Biology and Identification
Understanding plant metabolic processes and proper identification enables the applicator to accurately select the correct herbicide with a mode of action that will yield the desired results.

8:55-9:45 a.m. Weed Control Methods
Both chemical and non-chemical treatments can be utilized for weed control in right-of-way areas. Participants will be introduced to each of the methods and currently available herbicides will be reviewed.

9:45-10:00 a.m. Break

10:00-10:50 a.m. Understanding Herbicide Labels
By familiarizing themselves with product labels, applicators will be able to use herbicides in a manner that protects people, wildlife and natural resources.

10:50-11:40 a.m. Calculating Application Rates
Being able to mathematically determine the area being treated and the correct amount of product to use enables the applicator to effectively control undesirable vegetation and apply herbicides safely.

11:40-11:50 a.m. Evaluation/ CEUs Issued

11:50-12:30 p.m. Lunch (on your own)

12:30-2:30 p.m. Exam
